

2026 COLLECTION

**GTS - THE PREMIUM BRAND FOR SUP BOARDS AND ACCESSORIES.
DEVELOPED AND DESIGNED IN BERLIN.**

For over 10 years, we have been developing and manufacturing SUP boards, paddles, and accessories with experience and passion. Our 2026 lineup includes tried-and-true products as well as numerous innovations. Thanks to new materials, we have been able to make our boards and paddles even lighter and more high-performance, as well as introduce new designs. We hope you enjoy our products.

Thomas Richter

Managing Director, GTSports GmbH

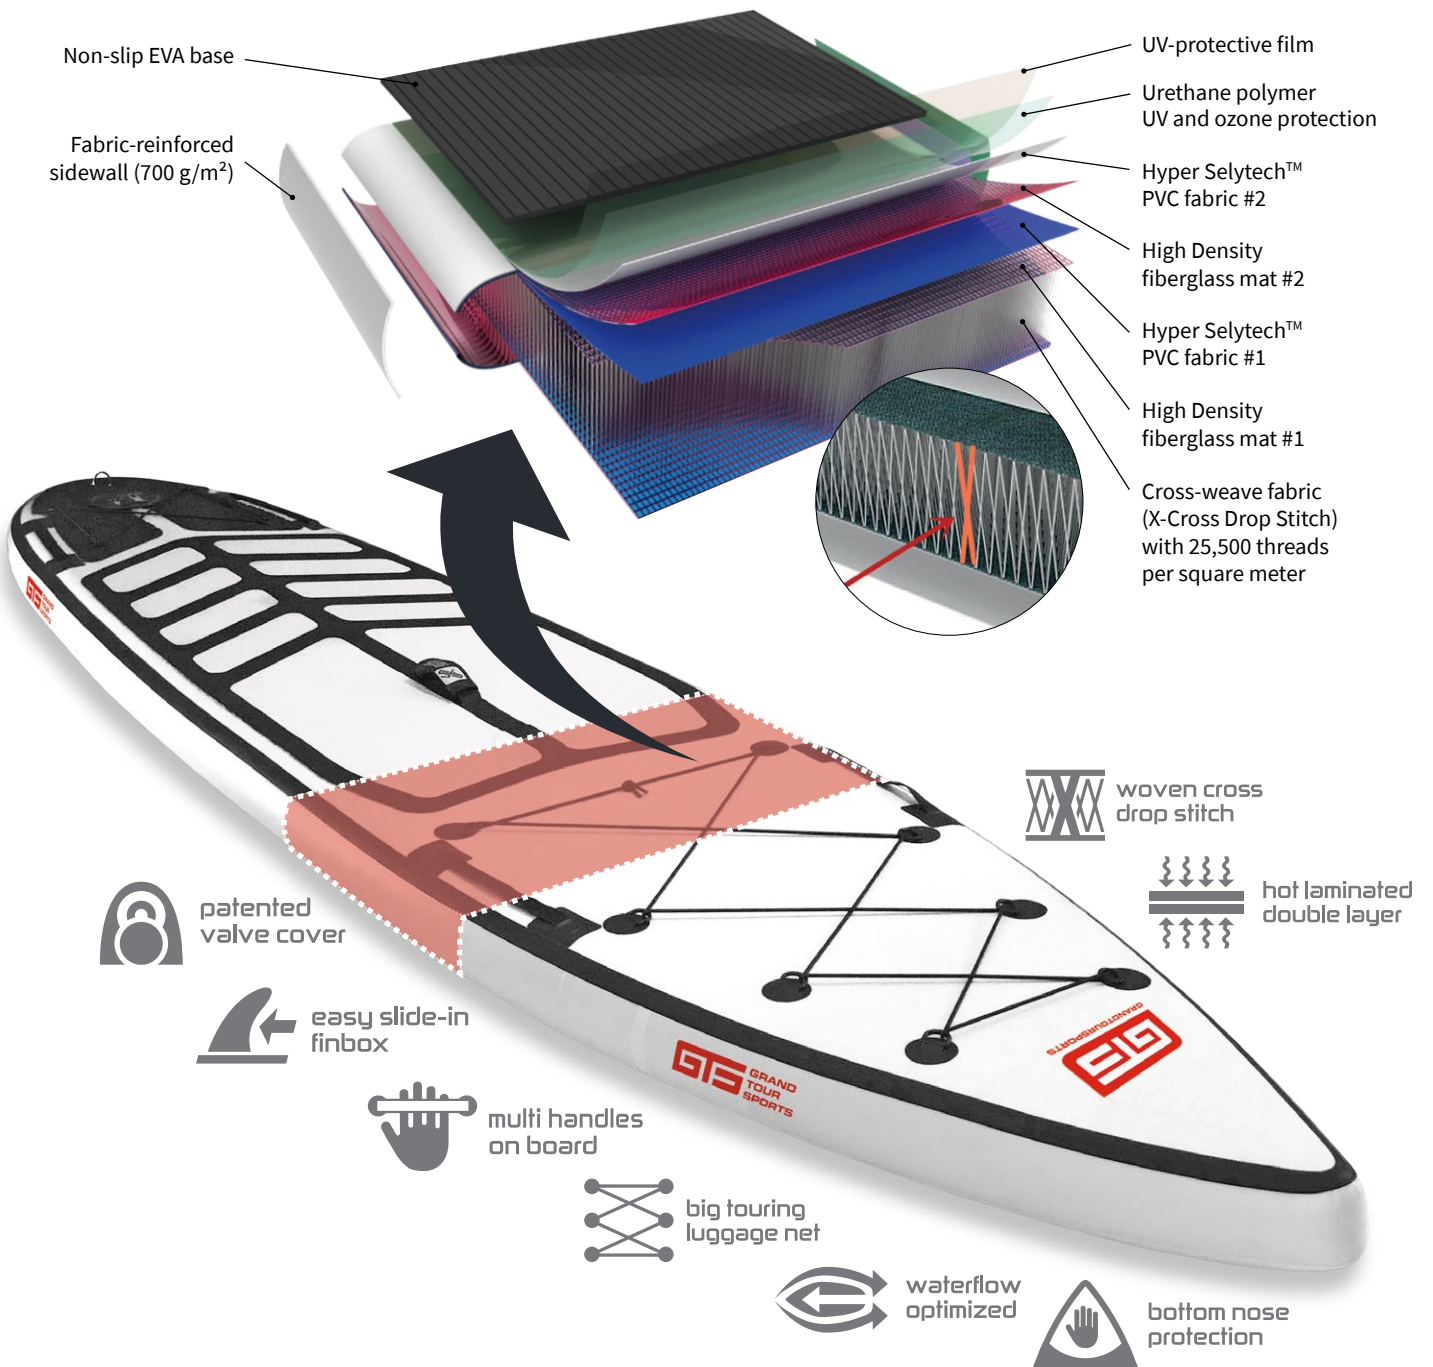

SUP BOARDS

All of our boards were engineered and designed in Germany. They are manufactured using a **DOUBLE LAYER** construction (two layers of PVC fabric). And because the materials are thermally bonded together, we can reduce the use of adhesives by up to 90% during production. This makes our boards even lighter and more durable, and it's better for the environment. In addition, we use the densest fabric available for our boards—with 25,500 threads per square meter (X-Cross Drop Stitch). This is what gives our boards their signature GTS strength.

Have you heard about our innovative foldable SUP boards?

- Even easier to transport
- Even more space-saving to pack
- Even more stable straight-line tracking thanks to the dual-fin system

It's that easy:

1. Fold the board along its longitudinal axis
2. Fold the board in 1/4 sections until it reaches its final size
3. Secure the board with the included strap
4. Store it in the included backpack

SUP PADDLES

Our paddles are made from high-quality materials and feature state-of-the-art components. This ensures they are lightweight and offer optimal handling—whether you're on a leisurely tour on a lake or an exhilarating ride in the waves.

ACCESSORIES

All of our boards come with high-quality accessories. These include a spacious, sturdy **board bag with a backpack feature**, a **waterproof waist bag**, and a **pump with a pressure gauge** (the pump varies by board model, ranging from the DOUBLE MAX double-piston pump to the LEVANTE single-piston pump). Also included are the GTS Standard **slide-in fin**, a **repair kit**, and a **safety leash**.
